NOTES

Commented [1]: where else do we want to post the MGO recommendations? On the website?

Commented [2]: +cmcisaac@santacruzcoe.org

Commented [3]: Posting on the web is very public. Not sure that's the best idea if the suggestions include contact information.

Commented [4]: I'd like to talk as a team about what we are expecting/what it looks like, before we talk it about it on 1/11.

Commented [5]: Sure, that totally makes sense. Is there a suggestion you want to offer for us to consider?

Commented [6]: Is it too early to preview/confirm for mentors what the end of the year evidence submission will look like? There are some pros and cons I see...

Commented [7]: I think my suggestions would not be appropriate via this comment thread. I'd like to talk it out in person to ensure we are on the same page about the process.

I think communication with mentors will have to include a preview of what the end produce will look like.

Commented [8]: Ok, when are you thinking we all might be together to discuss?
To be honest, I thought we would just follow the same format we did for mid-year - just substitute the naming of the main folder with End of Year.
